Would you like to be a Sectional Head?

We have 50+ sections. For each section we will invite and involve trade people to head one section to develop. Specialty of the trader will help to develop and furnish that particular section. They will be requested to donate their exhibits and articles and get contributions from others as well. They have to furnish the section fully, then only they will be acknowledged and their name will appear on that section as 'Sectional Heads' on permanent basis. This has to be approved by the interior designer committee and then by Board of Directors. Follow all the rules. There could be 1 or 2 sectional heads. Each individual item donated will have a name of the donor written with the small write up for the item i.e. courtesy Mr. XYZ. Further details will be worked out.

Please select a section you will be interested to furnish and list that section below:		

A copy of the memo and brochure is attached for your ready reference.
